

## NAS12A

- 6U rack-mounted server chassis
- 12Gb/s SAS Backplane
- MAX support to 12"\*9.6" motherboard
- Support standard ATX power supply

### Product parameters

|                         |                                                            |
|-------------------------|------------------------------------------------------------|
| Chassis style           | NAS                                                        |
| Structure               | 6U                                                         |
| Dimension               | L306*W432*H262MM(including the width of the ears is 482MM) |
| Material                | SGCC1.0MM                                                  |
| Front Panel Control     | 1 power switch, 1 restart switch, 2 USB 3.0                |
| Cooling Fan             | 5pcs 90mm fan,3pcs 120mm fan position                      |
| Compatible Motherboard  | ATX(12"*9.6")/Micro ATX(9.6"*9.6")/Mini-ITX(6.7"*6.7")     |
| Compatible power supply | Support standard ATX power supply                          |
| HDD Bay                 | 12*3.5"/2.5"hot-swap drive bays                            |
| Applicable hard drive   | Compatible with SAS or SATA hard drives                    |
| HDD Backplane           | 12Gb/s SAS Backplane,Supports SGPIO                        |
| Expansion Slot          | 8 full-height PCI/PCIe expansion slots                     |
| Packaging Details       | Carton Box with PE foam and polybag                        |
| Package Size            | L560*W425*H400MM                                           |
| Single gross weight     | 14KG                                                       |
